Sonoma Water

EMERGENCY WATER CONSERVATION DURING CURRENT FIRE CONDITIONS

In a precautionary effort we are urging all our customers to take immediate water conservation steps.

- Turn off all outdoor water for irrigation
- Reduce indoor water use as much as possible

Now, more than ever, our water is precious. Help us conserve every drop! Sonoma Water is closely monitoring the Walbridge fire that is currently impacting Western Sonoma County, north of Guerneville. There are currently no impacts to Sonoma Water facilities, including water supply and wastewater facilities located in the lower Russian River and Forestville area. Sonoma Water will remain vigilant and work with County emergency officials to continue to provide high quality drinking water and wastewater services to our customers. We do encourage residents to use water wisely as we work to keep all of our water storage tanks full for fire prevention efforts. We also encourage residents to go to www.socoemergency.org for official fire and evacuation updates.

Please stay safe and thank you to our first responders. Our hearts are heavy for our residents impacted.

Sincerely,
 Grant Davis, General Manager, Sonoma Water

School Closures

School/District Closures for Thursday, Aug. 20

The following schools/districts have canceled distance learning due to evacuations.

- Guerneville School District (closed through Friday, Aug. 21)
- Kashia School (closed Thursday)
- Monte Rio School District (closed through Friday, Aug. 21)
- Montgomery School District (closed through Friday, Aug. 21)
- Healdsburg School District

Additional school districts in or near the evacuation area are Fort Ross and Forestville, both of which are not yet in session. Families are advised to check the school district for updates about distance learning. We will post additional updates as we receive them.
