## Application for Tribal Broadband Connectivity Program

The Tribe has received a **Tribal Broadband Connectivity Grant**, funded by the National Telecommunications and Information Administration (NTIA), U.S. Department of Commerce. To address the needs during this past COVID 19 pandemic the Federal Government has allocated funds to increase broadband connectivity in all communities including rural and underserved.

The Kashia Tribal Broadband Connectivity Program will address the digital divide on Tribal Lands, assist members with Internet access including broadband and digital inclusion planning, training, and providing technical support and capacity building for Tribal institutions.

Date: \_\_\_\_\_
